Help the Nasser family rent a safe home and work again

Mariam Saleh

◆ ◆ ◆

My name is Mariam. I'm a nurse in Berlin, and I'm raising money for my uncle Samir, his wife Huda and their three children in Gaza.

In 2024 the family lost their home in Khan Younis. Since then they have moved four times, and today the five of them rent a single room in Deir al-Balah. Samir is a carpenter, but his tools were lost with the house. Rawan, their eldest, is 19 and studies nursing online; she shares one phone with her brother and sister.

We are asking for $7,500, which will pay for:

- Six months' rent for a two-room flat: $3,600
- A basic set of carpentry tools, so Samir can work again: $1,400
- A used laptop for Rawan's studies: $600
- A water filter and tank: $500
- Transfer and platform fees: about $1,400

The fees are high because sending money into Gaza is expensive. I will report the exact amount in every update.

I withdraw the money to my own bank account in Germany and send it to Samir every two weeks through a licensed money transfer agent. I keep every receipt, and I will post an update with the receipts every two weeks.

If you can give, thank you. If you can't, sharing this page helps just as much.
