Update: a new home, and the first tools

Mariam Saleh

◆ ◆ ◆

On 12 November, Samir, Huda and the children moved into a two-room flat in Deir al-Balah, with a six-month contract. For the first time in two years, the children have a room to study in.

On 20 November, Samir bought his first set of tools, and he has already started repairing doors and window frames for neighbours.

Thank you, all of you. We have raised $4,860 of our $7,500 goal.

So far, the money has paid for:

• The first three months' rent: $1,800
• Carpentry tools: $1,350
• Transfer fees: $610

The receipts are in the photos below.

We still need $2,640 for the remaining three months' rent, Rawan's laptop and the water filter. If you have already given, sharing the page is the best help now.
