Hi Claire,

Thank you for choosing me for the Maison Lefèvre website. I'm looking forward to it.

To confirm the goal: a site in French and English where customers can see the day's bread and pastries on their phone and reserve them for pickup.

To start, could you send me these by Thursday?
- Your logo and any photos of the shop and the products
- The menu with prices
- Your pickup hours
- Access to the account where your domain is registered

I'll send you the first design of the home page on Monday 16 November, and an update every Friday after that.

Best,
Yazan
