Senior Accountant offer: a question about salary

Dear Mr Nimri,

Thank you for the offer of the Senior Accountant role at Rawabi Foods. I enjoyed meeting the finance team, and I would very much like to accept.

Before I sign, I would like to ask whether the monthly salary could be 1,250 JOD rather than 1,100. A 2026 salary survey of finance roles in Amman puts senior accountants with five years' experience between 1,150 and 1,400 JOD. I also hold the CMA certification, and I already work in NetSuite every day, so I can take over the month-end close from my first month; at my current company I brought it down from nine days to four.

If 1,250 is not possible now, I would be glad to start at 1,175 with a salary review after six months.

Could we talk about this by phone this week?

Kind regards,

Dana Qutob
