Hi Claire,

Quick update for week 2: we're on track to launch on Monday 30 November.

Done since last Friday:
▪ Home, menu and about pages, in French and English
▪ Pickup ordering, connected in test mode: I placed 20 test orders and all of them reached your inbox

Next:
▪ Contact page and order confirmation emails, by Thursday 26 November
▪ Launch on Monday 30 November

One thing I need from you: the final prices for the Christmas menu, by Wednesday 25 November. Without them, I can launch with the regular menu and add the Christmas items later, or we can move the launch to 2 December. Which would you prefer?

You can see the test site here: maison-lefevre.example

Best,
Yazan
