Hi Claire,

Thank you again for a lovely project. Seeing 64 pickup orders come through the site in its first two weeks, and hearing you call it “the calmest December in years”, made my month.

I’ve just closed the contract on Upwork. If you have a few minutes, a short review there would help other small businesses decide whether to work with me. A sentence or two about how it went is plenty.

And if you’re too busy with the bakery, no problem at all.

Best,
Yazan
